

Application for the Chief of Staff of the Air Force (CSAF) Private Pilot Scholarship (AFJROTC Flight Academy)

BACKGROUND/OVERVIEW: The Air Force is funding scholarships for AFJROTC cadets to attend collegiate private pilot training at public/private universities during the summer of 2022. The scholarship will be awarded to highly competitive cadets who are interested in aviation related fields. The scholarship will pay for round-trip airfare, room and board, collegiate academics, and flight hours required to potentially earn a Private Pilot's Certificate (PPC). This exciting opportunity will be an in-residence collegiate program, approximately 8 weeks in length.

There will be additional, specific university information and requirements after cadets are nominated, boarded, selected, and matched to attend partnering universities. Cadets will be engaged in an intensive academic, flying training program and may have classes or flying training during weekend hours. Each university hosting students is an independent organization and provides its own management and oversight for students and programs. Student's successful completion of their Private Pilot's Certificate is singularly dependent on each student's academic and flying ability, and the university's determination and judgment to recommend a student.

WHO MAY APPLY: Applicants must be a current high school sophomore, junior, or senior, and be an AFJROTC cadet (active or reserve status) who understands they are volunteering for a scholarship to a public/private university. There is no military service commitment or obligation, nor does program completion justify acceptance to military service, Air Force ROTC scholarship, or military service academy appointment.

Applicants must be at least 17 years old by 1 July 2022, obtain a minimum score of 50 on the mass fitness assessment, and have a minimum cumulative GPA of 3.0 or better (on a 4.0 scale) to submit a package or be nominated. Cadets who successfully complete the program and receive their Private Pilot's Certificate may join the Civil Air Patrol (CAP) and may continue flying a minimum of once per month and with a CAP instructor quarterly (if applicable). This is dependent on funding and aircraft availability, but will be little or no cost.
